

Riding Lessons

RIVERSIDE EQUESTRIAN CENTRE INC.

Riders should arrive 30 minutes before their lesson to groom, saddle, and bridle their horse. After their lesson, riders put their horse away and give them a rub down. All this fun takes time. Therefore riders should be prepared to spend several hours at Riverside for each session.

Beginner riders must learn how to properly groom and tack-up their horse. After all, they will be required to do this by themselves once they are past the introduction lessons. Usually, two to four, private (intro lesson/grooming lesson) sessions prepares beginners to enjoy any either private or group lessons. Riders who are able to groom and tack-up are required to take one or two "Evaluation Lessons" to identify the best horse and lesson program for them.

A proper riding helmet, boots and pants are required for all riding lessons. These can be purchased at Greenhawk in Vancouver 604 2661644 or at Equine Essentials in Ladner 604 992 05676.
